Group III. Orange Oracle. Orange High School. Orange

The Orange Oracle is an expensive, handsome, and interesting annual. Because no financial statement was included with the yearbook, I cannot make comment upon cost, circulation, etc.

The distinguished simplicity of the Ex Libris page makes it one of the best in all groups. Then, from front to back, the page picture of the school would have been better, in my opinion, had it been taken in spring or fall. I hope that the 1948 and 1949 staffs will try to plan ahead and engage a photographer and plan certain pictures for fall and spring. Faculty, senior, and other class pictures are of good quality though not the best, they are well arranged, and the typography is good. Activities and clubs apparently are thoroughly covered by pictures and name, but there is no comment. Although not professional, art work is excellent and has humor and some feeling. Printing is excellent.

The Oracle is almost altogether a memory book and as such is excellent. Whether it would be possible to include more copy (not wills and prophecies) and still pay the printer, I do not know. A good imaginative and unconventional arrangement, if its cost would not be prohibitive, might improve the annual.

DEDICATION

We, the class of 1947, dedicate this, The Orange Oracle, to you, Miss Stella Mae Payne, as a token of our appreciation for the help and encouragement you have given us during our days at Orange High School. Your pleasant manner and wonderful personality have proved to be an inspiration to one and all, and we are sure that the students in the years to follow will find in you the same heart-warming sincerity that we, the Seniors of '47 have.
